# INTRODUCTION

The Federal Ministry of Health and Social Welfare, in collaboration with the United Nations Population Fund (UNFPA), is organizing a High-Level Private Sector Forum on Family Planning (HLPSF-FP), bringing together government representatives, corporate stakeholders, and media to promote private sector engagement in enhancing reproductive health in Nigeria. The HLPSF-FP will convene influential decision-makers from the government, development partners, and corporations, both as individuals and in their corporate capacities, to foster collaboration and chart a path toward achieving a sustainable society.

# FOCUS OF THE HLPSF-FP

## WHAT IS FAMILY PLANNING?

Family planning, according to the World Health Organization (WHO), is the ability of individuals and couples to anticipate and attain their desired number of children, which includes the spacing and timing of births and a woman's right to decide if she wants to have children or not.

## WHY FAMILY PLANNING?

Family planning is a strategic investment point for sustainable development, empowering women, improving health and well-being, and fostering economic growth.

It is recognized as a strategic "best buy" for development, with the potential to expedite progress across the five themes of the Sustainable Development Goals: People, Planet, Prosperity, Peace, and Partnership.

By aligning family planning initiatives with the growing focus on sustainability, corporate can demonstrate responsible corporate citizenship, achieve mutual benefits, and contribute to broader developmental goals.

# FORUM THEME

## PRIVATE SECTOR ENGAGEMENT IN FAMILY PLANNING: INVESTMENT, OPPORTUNITIES AND PRIORITIES

This event aims to establish the groundwork for comprehensive private sector involvement, focusing on discussions about policy and practices required to secure private sector engagement and investment in reproductive health, ultimately contributing to a prosperous future for the nation.

The forum will explore diverse investment opportunities for the private sector to engage in promoting family planning in Nigeria.

The objectives of the forum is to:

- Foster Collaboration Between Private Sector and Family Planning Initiatives
- Explore Investment Opportunities for Private Sector Involvement
- Share Best Practices and Case Studies

The forum will also present findings from an investment case on family planning highlighting the returns on investment and the value proposition for the private sector.
